

MATERIAL SAFETY DATA SHEET

“BB Gone Glue Remover”

SECTION 1: IDENTIFICATION OF THE SUBSTANCE AND MANUFACTURER	
1.1 Product Identification	BB Gone Glue Remover
1.2 Recommended Use	Eyelash Extension Remover
1.3 Supplier Name	Beauty Boxx
1.4 Manufacturer Location	Qingdao City, Shandong Province, China
1.5 Manufacturer Contact	+86-17806248618
SECTION 2: HAZARD IDENTIFICATION	
2.1 General	Contains small amounts of chemicals which are hazardous to health and the environment; but in quantities too small to constitute any practical risks to health or the environment.
2.2 Classification	Acute Toxicity Oral 4) H302 Specific target organ toxicity-single exposure (category 3), H336
2.3 Hazard Phrases	H302 – Harmful if swallowed H336 – May cause drowsiness or dizziness
2.4 Precautionary Phrases	P261 – Avoid breathing vapours P280 – Wear suitable gloves P264 – Wash hands thoroughly after handling P301 and P311 – If swallowed, seek medical attention P302 and P350 – If on skin, wash with water

	P333 and P313 – If rash occurs, seek medical attention P501 – Dispose of contents to an approved waste disposal plant
--	--

SECTION 3: COMPOSITION AND INFORMATION ON INGREDIENTS

3.1 Chemical Identification	Gel based remover			
3.2 Composition	Substance	CAS-No.	EC-No.	Content
	4-Hydroxybutyric acid lactone	108-32-7	n/a	70-80%
	Acrylic polymer	-	n/a	5-10%
	Bentonite	1302-78-9	n/a	5-10%
	Hydroxypropyl Cellulose	9004-64-2	n/a	5-10%

SECTION 4: FIRST AID MEASURES

4.1 General Advice	Immediate medical attention is required – show this MSDS to the treating medical professional.
4.2 Following Eye Contact	Rinse cautiously with water for at least 15 minutes. Remove contact lenses (if present, and easy to do so). Continue rinsing with water. Immediately seek medical attention if feeling uncomfortable.
4.3 Following Skin Contact	Wash the skin with soap and water. Immediately seek medical attention if feeling uncomfortable.
4.4 Following Inhalation	Move into fresh air. If breathing is difficult, seek immediate medical attention.
4.5 Following Ingestion	Rinse the mouth with water and seek immediate medical attention. Do not induce vomiting.

SECTION 5: FIREFIGHTING MEASURES

5.1 Special hazards arising from the substance or mixture	Not considered to be a fire hazard. Not easily ignited by fire.
---	---

5.2 Extinguishing media	Water spray, alcohol-resistant spray, dry chemical or carbon dioxide.
5.3 Advice for Firefighters	As in any fire, wear self-contained breathing apparatus and full protective gear. Extinguish fire from a safe distance wearing adequate protection. Prevent fire extinguishing water from contaminating surface water and / or ground water systems.
SECTION 6: ACCIDENTAL RELEASE MEASURES	
6.1 Personal precautions, protective equipment, and emergency procedures	Use personal protective equipment. Avoid breathing vapours, mist, or gases. Ensure adequate ventilation. Remove all sources of ignition. Evacuate to a safe area, away from any spillage or leak. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.
6.2 Environmental precautions	Prevent further leakage or spillage if safe to do so. Do not empty into drains. If the product contaminates lakes, rivers, or sewages, inform appropriate authorities in accordance with local regulations.
6.3 Cleaning methods	Contain spillage, then collect with an electrically protected vacuum cleaner or by wet-brushing and place in a container for disposal according to local regulations (SECTION 13).
SECTION 7: SAFE HANDLING AND STORAGE	
7.1 Handling Notes	Avoid contact with skin and eyes. Avoid inhalation of vapour, mist, or gases.
7.2 Storage Notes	Store in a cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to avoid leakage.
SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION	
8.1 Occupational Exposure Limit	No information found.

8.2 Engineering Control	Handle in accordance with good industrial hygiene and safety practices. Wash hands before breaks and at the end of the workday.
8.3 Respiratory Protection	Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) or type AXBEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
8.4 Eye Protection	Face shield and safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 116 (EU).
8.5 Skin Protection	Wear protective gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching gloves' outer surface) to avoid skin contact. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
8.6 Body Protection	Wear impervious clothing, flame retardant antistatic protective clothing, and other protective equipment according to the concentration and amount of the dangerous substance encountered at your specific workplace.
8.7 Sanitary Measures	Forbid smoking, eating, and drinking in working places. Wash exposed areas and hands after handling products.
SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES	
9.1 Appearance and Colour	Clear gel
9.2 Odour	Pleasant smell
9.3 pH Value	No data
9.4 Flammability	Non-flammable

9.5 Density (g/cm ³)	No data
9.6 Relative steam density (air = 1)	No data
9.7 Vapour Pressure (MPa)	No data
9.8 Octanol / water partition coefficient	No data
9.9 Viscosity, dynamic	15,000-20,000 cps @ 20°C
9.10 Flash point (°C, closed cup)	Estimated 75-85 °C
9.11 Boiling point (°C)	No data
9.12 Freezing point (°C)	No data
9.13 Evaporation rate (kg/s)	No data
9.14 UEL % (V/V)	No data
9.15 LEL % (V/V)	No data
9.16 Auto-ignition temperature (°C)	No data
9.17 Decomposition temperature (°C)	No data
9.18 Solubility	No data
SECTION 10: STABILITY AND REACTIVITY	
10.1 Stability	Stable under recommended storage and handling conditions (SECTION 7).
10.2 Materials to avoid Hazardous Polymerization	Hazardous polymerization will not occur.
SECTION 11: TOXICOLOGICAL INFORMATION	
11.1 Inhalation	Irritation, low body temperature, tinnitus, nausea, vomiting, stomachache, headache, drowsiness, dizziness, modulation loss,

	<p>eyestight disturbance, pulmonary congestions, kidney damage, liver damage, coma.</p> <p>Chronic effects on humans: the substance is toxic to blood, kidneys, the nervous system, and liver.</p>
11.2 Skin Corrosion / irritation	Irritating to the skin, considered to be of low toxicity: acute dermal.
11.3 Serious Eye Damage / Irritation	This product is an irritant to the eyes.
SECTION 12: ECOLOGICAL INFORMATION	
12.1 Ecotoxicity	<p>According to environmental protection laws, this product should not be discarded in places which would affect soil and / or underground water.</p> <p>Butyrolactone:</p> <p>Fish: LC50-Leuciscus idus (Goldern orfe) - >220 mg/l -96h</p> <p>Algae: EC50-Desmodesmus subpicatus (green algae) – 360 mg/l – 72h</p>
12.2 Persistence and Degradability	No data available.
12.3 Bioaccumulate Potential	No data available.
12.4 Mobility in Soil	No data available.
12.5 Other Adverse Effects	No data available.
SECTION 13: DISPOSAL CONSIDERATIONS	
13.1 Handling Method for Waste	Handling waste according to local regulations. Contact specific waste disposal companies as recommended by local laws.
13.2 Handing method for uncleaned packaging	According to local regulations.
SECTION 14: TRANSPORT INFORMATION	
14.1 Classification	<p>U.S. DOT. 49 CFR.172.101:</p> <p>ID Number: none.</p>

	Dangerous Goods label class.
14.2 Advice	Transport with care, avoiding dropping, dragging, and collision. Prohibited with antioxidant and chemical mixed storage. Transit should avoid sun, rain, and / or high temperature exposure.
SECTION 15: REGULATORY INFORMATION	
15.1 Specified Regulatory Information	The components of this product follow the chemical notification requirements of the TSCA. All applicable chemical ingredients in this material are listed on the European Inventory of Existing Chemical Substances (EINECS) or are exempt polymers whose monomers are listed on EINECS.
SECTION 16: OTHER INFORMATION	
16.1 Full Text of H-Statement's referred to under sections II and III	H302 Harmful if swallowed. H336 May cause drowsiness or dizziness.
16.2 Full Text of R-phrases referred to under sections II and III	Xn Harmful R22 Harmful if swallowed R41 Risk of serious damage to eyes. R67 Vapours may cause drowsiness and dizziness.
16.3 Disclaimer	The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This Material Safety Data Sheet was prepared to comply with the current OSHA Hazard Communication Standard (HCS) adoption of the Globally Harmonized System of Classification and Labelling of Chemicals (GHS).
